Sir:

Enclosed herewith is a Certificate of Correction in connection with the above-identified patent. During a review of the patent file, and it is noted that an error appears in the printed Letters Patent document in the order of the inventors. In reference to the Amendment Under 1.312 filed August 25, 2005, the order of the inventors should be Thomas S. Breidenbach, John N. Lees, Terry B. Berglin, Andrew J. Dahl, Terry Erickson, Gregory A. Reed and Michael Robertson. It is noted that this error is an unintentional error on the part of the U.S. Patent and Trademark Office.

With respect to the request to change the order of inventors, Applicant respectfully points out that, although the order is incorrect in the original Oath and Declaration, the order of the inventors is correct (i.e. Mr. Breidenbach is the first listed inventor), in the Application Data Sheet (Exhibit 1), that was filed with the Application on January 23, 2004.

The Filing Receipt then issued (Exhibit 2), which correctly showed Mr. Breidenbach as the first listed inventor, although other errors were noted in the filing receipt. A request for a Corrected Filing Receipt was filed, along with a corrected Application Data Sheet (both of which

showed Mr. Briedenbach as the first named inventor).

A first action (a restriction requirement) that was mailed on March 15, 2005, the coversheet of the Action listed Mr. John N. Lees as the first named inventor. In response to the restriction requirement, an election was filed on March 30, 2005. Various other papers were filed (including an Information Disclosure Statement) and a Notice of Allowance and Issue Fee Due, issued in connection with the Application. The Notice of Allowance and Issue Fee Due issued in connection with the Application. The Notice of Allowance and Issue Fee Due indicated John N. Lees as the first named inventor.

Along with the filing of the Issue Fee, an amendment under Rule 312 was filed requesting that the order of the inventors be changed to reflect that originally noted in the Application Data Sheet and to reflect the order as originally shown in the Filing Receipt. That Amendment under Rule 312 was entered by the Examiner. At this point in time, it was expected that the patent would issue with Mr. Breidenbach as the first named inventor.

U.S. Patent No. 7,059,466 issued on June 13, 2006 showing John N. Lees as the first named inventor. Accordingly, it is respectfully requested that a Certificate of Correction issue changing the order of the inventors and showing Thomas S. Breidenbach as the first named inventor.

Further, it is noted that an error appears in the printed Letters Patent document in the drawings section where informal drawings have been printed. It is noted that this error is an unintentional error on the part of the Applicant.

Applicant respectfully requests entry of the order of the inventors be changed in the patent file and requests that a Certificate of Correction issue identifying the same and respectfully requests the entry of the enclosed eighteen sheets of the drawings in the patent file and requests that a Certificate of Correction issue identifying same.

To this end, Applicant hereby submits the necessary fee due in connection with the present Certificate of Correction. The Commissioner is hereby authorized to charge any underpayment or credit any overpayment to Deposit Account No. 23-0920.
